PROFESSIONAL SUMMARY

Full-Stack Software Engineer and First Class Honours Software Engineering graduate with hands-on experience developing and deploying web, mobile, desktop, and AI-powered applications. Skilled in React.js, Next.js, TypeScript, JavaScript, Node.js, Express.js, Java, Python, SQL, MySQL, Firebase, REST APIs, and Git. Experienced in full-stack application development, database integration, responsive UI development, API integration, debugging, deployment, and Agile/Scrum development. Top 20 Finalist in the Kapruka Agent Challenge, with a strong focus on clean, maintainable and user-focused software.

TECHNICAL SKILLS

Programming & Core CS	JavaScript (ES6+), TypeScript, Java, Python, SQL, HTML5, CSS3, C++, C#, Object-Oriented Programming (OOP), Data Structures & Algorithms
Frontend Development	React.js, Next.js, Tailwind CSS, Vite, Responsive Web Development, React Router, Headless UI, Lucide Icons
Backend & AI Integration	Node.js, Express.js, Python Backend Services, RESTful APIs, API Integration, Model Context Protocol (MCP), Cheerio
Databases & Cloud	MySQL, SQL, Database Design, Firebase (Authentication, Cloud Firestore, Hosting), Cloud Storage Integration
Mobile & Desktop	Android Studio (Java, REST APIs), JavaFX Desktop Applications (MVC / CRUD)
Workflow & Tooling	Git, GitHub, Version Control, Software Development Life Cycle (SDLC), Agile / Scrum, Debugging, Testing, Netlify

WORK EXPERIENCE

Finance & Digital Marketing Intern - **Routes to Ceylon (Pvt) Ltd, Colombo 05** **Jul 2025 - Oct 2025**

- Optimized financial operations and reporting by coordinating 15+ daily tasks, reducing processing time by 20% and supporting the monthly close.
- Delivered responsive IT support to staff, resolving hardware, software, and network issues within 24 hours to keep daily operations running smoothly.
- Designed creative content for social media posts and contributed to the Guest Envelope design project, improving design quality and cutting cycle time.
- Earned multiple commendations for enthusiasm, diligence, and professionalism during the 3-month internship.

PROJECTS

Kavi Kapruka - AI Shopping Assistant (Top 20 Finalist - Kapruka Agent Challenge) | kavi-kapruka.netlify.app *React, TypeScript, Tailwind CSS, Kapruka Public MCP*

- Selected as a **Top 20 Finalist** in the Sri Lankan **Kapruka Agent Challenge** by building an AI shopping agent powered by Kapruka's public Model Context Protocol (MCP).
- Connected real e-commerce tools to search live Kapruka products, calculate delivery quotes, recommend gifts, and handle checkout workflows through natural conversation.

IMHS LMS - Learning Management System & Web Portal | imhsedu.com *Next.js, React, Node.js, MySQL, Tailwind CSS*

- Built and deployed a full-stack Learning Management System with student and admin portals, structured course modules, video lessons, and progress tracking.

LinkNook - Personal Web Application | linknook.online *React, JavaScript, Tailwind CSS, Custom Domain*

PROJECTS (CONTINUED)

SL Farmer - Agricultural Web Platform | slfarmer.com *React, Tailwind CSS, Cloud Database*

- Built and published a web platform for local agriculture on a custom domain, featuring farming resources, product listings, and mobile-friendly navigation.

Swara Concert Tickets - Online Ticketing System | swara-concert-tickets.netlify.app *JavaScript, HTML5, Tailwind CSS, Google Apps Script*

- Built an event ticket booking portal with seat category selection, registration validation, and automated PDF ticket generation.

KKS Engineering - Engineering Web Portal | kks-eng.netlify.app *React, JavaScript, Tailwind CSS, Firebase*

- Developed a personal web project featuring structured engineering service showcases, project galleries, and Firebase hosting and database support.

FoneCove & Drop Arcative - E-Commerce Storefronts | fonecove.netlify.app - drop-arcative.netlify.app *React, TypeScript, Vite, Tailwind CSS*

- Built responsive online store interfaces with product catalogs, category filters, sorting, spec tabs, image galleries, and direct WhatsApp checkout flows.

Beyond Trails & Cloud Gram - Web Applications | beyondtrails.netlify.app - cloud-gram.netlify.app *React, JavaScript, Tailwind CSS, Netlify*

- Developed a travel and trail guide site (**Beyond Trails**) and a cloud photo-sharing web app (**Cloud Gram**) with responsive grid layouts and fast page loads.

GSMArena Explorer - Device Scraper & Comparison App *React, Vite, Tailwind CSS, Node.js, Express, Cheerio*

- Built a Node.js and Express scraper API using Cheerio to fetch phone brands, device lists, and full specs from GSMArena, connected to a React frontend for side-by-side phone comparisons.

Multi-Agent WhatsApp Bot Assistant for SLIIT City University *Node.js, Python, Firebase Firestore*

- Built a WhatsApp student support bot using a Node.js backend and Python service to detect query intent and route messages to Finance, Academic, or Student Affairs agents, backed by a Firestore Q&A database.

BananaMath Adventure - Browser Puzzle Game | bananamath-adventure.netlify.app *JavaScript, HTML5/CSS3, Tailwind CSS, Firebase Auth & Firestore*

- Built a web-based math game with progressive levels, boss stages, daily puzzles, 20+ badges, and Firebase Auth/Firestore for saving user profiles and live leaderboards.

RainForest Tea System (JavaFX) & Android Quiz App (Java) *Java, JavaFX, MySQL, Android Studio, Firebase*

- Built a JavaFX and MySQL desktop app to manage tea inventory, suppliers, orders, and maintenance email alerts, plus an Android trivia app that pulls questions from a JSON API and saves scores to Firebase.

EDUCATION

BSc (Hons) Software Engineering - First Class Honours | SLIIT City Uni **Sep 2025 - Jun 2026**

Higher National Diploma in Information Technology (HNDIT) | SLIIT City Uni **Jun 2023 - Jun 2025**

Foundation Certificate in Information Technology (FCIT) | SLIIT Academy **Jun 2022 - Jun 2023**

LANGUAGES

English: Professional Working Proficiency | **Sinhala:** Native Proficiency
